Information about the accessibility of this tourist resource has been provided by users

## General Information

El Jantar Mantar es uno de los cinco observatorios astronómicos construidos en la India por el maharajá Jai Singh en 1728, quien además de guerrero era conocido por su afición a la astronomía. Está considerado un monumento protegido estatal y el 31 de julio de 2010 fue inscrito como Patrimonio de la Humanidad por la Unesco. Ubicado en Jaipur, consiste en una colección de monumentos escultóricos, cuyas formas permitían el estudio de la evolución de las sombras producidas por el sol. El más impresionante es una estructura de 27 m de alto y la sombra se mueve a una razón de 4 metros por hora.

## Entrance

Entrance: Inclined plane / ramp

### Ramp information

The slope makes the ramp : Can be used with help from another person

✓ Name of the tourist resource clearly visible and legible

The entranceway analysed is: The main one
